

Enterprise Sales Refund and Return Policy

1. Purpose

This policy defines the rules, conditions, and procedures governing refund and return requests for products sold through the organization's ERP-managed sales system.

2. Scope

This policy applies to all customers, sales representatives, and finance personnel involved in order processing, delivery, and refund management.

3. Eligibility Criteria

3.1 Refund requests must be submitted within **30 calendar days** from the order delivery date.

3.2 The product must be returned in its original condition unless defective.

3.3 Proof of purchase (Sales Order Number) is mandatory.

4. Approval Workflow

4.1 Refund requests below **USD 500** are automatically approved by the system.

4.2 Refund requests between **USD 500 – USD 2000** require **Manager approval**.

4.3 Refund requests above **USD 2000** require **Director-level approval**.

5. Exceptions

- Products marked as “Final Sale” are not eligible for refund.
- Refunds will not be processed for damages caused by misuse or negligence.
- Digital products and services are non-refundable.

6. Processing Timeline

- Refund validation: **2 business days**
- Approval cycle: **1–3 business days**
- Payment processing: **5–7 business days**

7. ERP System Integration

All refund requests must be:

- Logged in the ERP system
- Linked to the corresponding Sales Order ID

- Associated with customer profile data

8. Audit and Compliance

All refund transactions are:

- Logged for audit trails
- Subject to compliance review
- Stored for a minimum of **5 years**
